Fines Of \$10 To \$100 Fixed
In Ordinance Passed
By Council.

FUNDS TRANSFERRED TO COVER DEFICIT

Council Also Appropriates
\$517 For Purchase Of
Water Land.

Four ordinances were passed Friday night by city council which met in special session to close up all business for the year.

To meet deficits in the different departments, transfers of \$50 to the health department, \$600 to the safety department and \$175 to the street cleaning fund were authorized. This money is to be obtained from the general administration fund.

Following complaints that tractors driven over Garfield ave had damaged the street, an ordinance was passed prohibiting the driving of tractors, steam shovels, harvesting machinery or other cleated machinery over paved streets within the city without first removing the cleats or laying boards for the passage.

In an effort to meet the cost of street repairs which would be necessary after violation of this ordinance, council decreed that a fine of \$10 to \$100 for the first offense and a fine of \$50 to \$200 for each succeeding offense be levied.

Upon the recommendation of Service Director J. B. Bristol \$517.50 was appropriated to pay for the land purchased by the waterworks department from W. W. Luce, Damascus road. The land is a strip in the Whinnery water field.

POLICE DETAIN MAN ACCUSED OF POSING AS FEDERAL OFFICER

Posing as a federal prohibition officer, a man giving the name of Samuel Sopher is being detained at police headquarters pending an investigation of alleged swindling of Rev. McCarthy of Alliance and attempting to obtain money under false pretenses from Rev. H. Scott, pastor of the First Methodist church.

Friday afternoon Sopher went to Rev. Scott and asked for funds, saying that he wanted to get to Pittsburgh. His actions were suspicious and police were notified and placed Sopher in the city jail.

No charge has been placed against Sopher who is being held awaiting word from Alliance police authorities, who, if Sopher is wanted there, have a prior claim. If Alliance officials take no action a charge of impersonating an officer probably will be placed against the man by local authorities.

MANY DANCE ALL NIGHT TO WELCOME NEW YEAR

The Foresters hall on Vine st. was filled to capacity Friday night by dancers from surrounding towns who gathered here for the annual New Year's all-night dance given by Quaker City court No. 89, Foresters of America.

Dancing started at 8 p. m. and continued until 5 a. m. Saturday. At midnight an intermission of one hour was taken during which time lunch was served by wives of members of the lodge. Music was furnished by Finley & Schuck's Society orchestra.

Salem chapter No. 334, Eastern Star, will meet Monday, Jan. 9, instead of Jan. 2 on account of that being a holiday.

1922 RINGS IN ERA OF BETTER BUSINESS

Ohio Savings Officials See
More Construction,
Easier Money.

Columbus, Dec. 31.—Old Father Time will ring in not only a new year to-night but an era of better business, according to the composite view of the secretaries of more than 700 building, loan and savings institutions in Ohio.

Because of close contact with the working classes, building and loan secretaries heretofore have been quick to notice a change in the public's pulse.

More home construction, easier money, more loans and an easing up of conditions in general are some of the things which financiers see in 1922 and which lead them to believe that the dark days of last summer are

Announces Date For Conference On Agriculture

Washington, Dec. 31.—Secretary of Agriculture Wallace has tentatively set Jan. 23 as the date for convening President Harding's national conference on agriculture, it was learned today.

The program now as prepared for the conference is understood to contemplate a discussion of transportation, farm credits and co-operative marketing.

Name Brookes Chairman Of Bonus Board

County Organization Urges
Notaries Public To
Donate Services.

An organization for the distribution in Columbiana county of the state bonus for ex-soldiers, passed at the recent general election, was established Friday at a general conference in the court house at Lisbon of all bodies in the district which engaged in wartime activities.

Robert Brookes, assistant county prosecutor, was chosen general chairman for the county. Miss Hilda Rigby, home secretary of the Lisbon Red Cross chapter, was named secretary.

The Red Cross, Y. M. C. A., Knights of Columbus, American Legion, Veterans of Foreign Wars and others had delegates at the conference. Prosecutor Jesse C. Hanley presided at the opening. East Liverpool, Lisbon, Salem, Leetonia, Wellsville, Columbiana and East Palestine were represented.

The nominating committee composed of Clerk John T. Burns of Lisbon, John Grafton of Wellsville and John Campbell of Salem, chose five persons for selection of the conference, out of which Brookes and Miss Rigby were chosen.

The district heads chosen are as follows: Miss Della Harriman, home service secretary of the East Liverpool Red Cross chapter; Ira McIninger, Leetonia; Joseph Wilson, Lisbon; Mrs. Henderson, Columbiana; Rev. H. L. Miller, Salem; and John Ryan, Salineville.

A motion was carried by the conference asking the notary public of the county to aid in the bonus distribution by performing duties required free of charge for those who requested the assistance.

THREE SALEM PLANTS TO OPERATE MONDAY

All manufacturing plants in Salem, with the exception of the American Steel & Wire Co., the National Sanitary Co., and the Salem China Co., will be shut down all day Monday in the observance of New Year's.

The local plant of the American Steel & Wire Co., ceased operation at 3 p. m. Saturday and will start up at 7 a. m. Monday in several departments. The National Sanitary Co., will operate only partially and the Salem China Co., will operate in full.

Mounts To Preside At Joint Ceremony

Philip Triem camp No. 43 Sons of Veterans, at a session Friday evening initiated three candidates.

G. H. Mounts will conduct the joint installation of officers of the camp and auxiliary Jan. 6. Trescott post No. 10, G. A. R., and the Woman's Relief corps will be invited to the installation.

Probably the only spider indigenous to the United States whose bite is dangerous to mankind is Latrodectus (or Latrodectus) macans, found chiefly in the Southern states.

Secretary Devine declared that Ohioans had realized this year that if they expected to borrow money from building and loan associations for building and other worthy uses they must support them by depositing their money with them.

As a result these institutions gain money, more loans and an easing up of conditions in general are some of the things which financiers see in 1922 and which lead them to believe that the dark days of last summer are

not to be repeated. With building costs declining, money becoming more plentiful and conditions generally becoming favorable for construction work, the advent of spring will witness a building revival of pretentious proportions, according to James A. Devine, executive secretary of the Ohio Building Association league.

Salemite Suggests New Year's Resolution To Boost His City

Don't Throw Away Your
Hammer, But Use It To
Build, Not Knock, This
Writer Pleads.

Editor of The News:

We face the new year with its new hopes, new plans, and new dreams. All is anticipation. There is glory in a new year—so much of the life of the old year are forgotten, bitter recollections are wiped from memory's slate and room made for fresh clean thoughts.

Right now most of us are mentally signing pledges which begin, "Resolved.—" Most of these pledges, of course, will be broken or forgotten in a few days or weeks. But what of it? Human beings are human beings. If 29 resolutions are broken and only one kept, it is better than if none are made and none kept.

A New Year's resolution is a good indication. It shows that although we may not be strong enough to do the things we believe are right, at least we are honest enough to want to be right.

But here comes the rub. Most of these resolutions will be personal, for individual improvement, self satisfaction, or personal gain. That is all well and good as far as it goes, but man is not only an individual, he is likewise a part of a community. His acts affect others. Others acts affect him. No man can or should live only for himself.

And so I now plead, when making our resolutions for the new year, let us not forget our friends, our neighbors, our opponents, or our city. Let us squeeze in a resolution or two for Salem. We may not keep them, but what's the odds? 'Tis better to have resolved and failed, than never to have resolved at all.

I began this letter with this question in mind, "What's the matter with Salem?" After thinking awhile I mentally remarked, "Oh, what's the

ADDITIONAL COUNSEL EMPLOYED BY CITY TO CONTEST FEVER CASES

Attorney K. L. Coburn, member of the law firm of Coburn & Harris, has been retained by the city of Salem to assist City Solicitor L. B. Harris, Attorneys Metzger & McCarthy and Boone & Campbell in defending the city in the typhoid fever damage suits which have been filed at Lisbon.

This action was taken Friday night by council following recommendations of City Solicitor L. B. Harris.

Plans of defense in the suits which probably will be assigned for hearing at the January term of common pleas court, will be prepared by members of the three local law firms with every possibility that an out-of-town attorney of a well known law firm will be retained.

PITTSBURG OPERATORS WON'T ATTEND PARLEY

Cleveland, Dec. 31.—Pittsburg vein coal operators controlling approximately 100 mines in Harrison, Belmont and Jefferson counties, and employing approximately 18,000 union miners when the mines are in full operation, will not meet with officials of the United Mine Workers at the William Penn hotel to consider preliminaries to the negotiations of the new wage scale effective April 1, it was announced here today.

JOHN COLE PURCHASES CENTRAL RESTAURANT

Walter Kirby and A. L. Fisher, proprietors of the Central restaurant, Main st., have sold their restaurant to John Cole, who will take possession Monday.

Mr. Kirby has no definite plans to announce. Mr. Fisher expects to devote his time to his ice cream parlor, Main st.

DAMASCUS RAISES FUND FOR ELECTRIC LIGHTS

Residents of Damascus held a mass meeting Friday night for the purpose of perfecting plans to secure electric lights for the village. An agreement of the town pay about two-thirds of the cost of running the line from Salem. A thousand dollars was subscribed within a few minutes at the close of the meeting.

Officers of Salem Fish and Game association will be elected at 8 p. m. Monday, when that organization meets at the Deane House Co. rooms.

200 CHILDREN RECEIVE TREAT AT BARRACKS

The most successful Christmas party ever conducted by the Salvation Army in Salem was that held at the barracks Friday evening in charge of Ensign Smith, who recently came here to assume leadership of the local band of workers.

More than 200 children attended the party and all were supplied with toys and each child was presented an orange and a box of candy. The program announced Friday was carried out in a capable manner and

Clifford Goodrich played several piano selections. The Christmas program in which Miss Grace Russell took the part of "The Madonna" was greatly appreciated.

Ensign Smith found it necessary to give out a number of baskets to needy families and one basket was presented Friday evening. Mr. Smith came to Salem two weeks prior to Christmas and in view of the work he has accomplished in that length of time it is believed that he will accomplish much in the future.

EXPERTS PREPARE DRAFT OF TREATY

Pact To Be Written About
Four Points Agreed To
At Conference.

Washington, Dec. 31.—The drafting experts of the five big naval powers started work today on the construction of a treaty which will incorporate the decisions of the Washington conference and define the limits of the world's great navies for the next 10 years.

Actual completion of the document must await the gathering up of several loose ends of the naval agreement, but in its main essentials the agreement already is perfected and ready to put on paper. The one outstanding feature yet to be determined is the question of whether submarines are to be "outlawed" as demanded by the British and American governments. Japan, France and Italy have not agreed to this far-reaching provision, and the matter is now under consideration in Paris, Tokio and Rome.

Other details yet to be adjusted will present little difficulty, it is expected, and the prospect today were that two more weeks will see the treaty drawn up and signed.

Four main points
The treaty will be written about four main points, as follows:
1—The United States and Great Britain shall each retain 500,000 tons of capital ships, Japan 200,000, and France and Italy each 175,000 tons, with no vessel armed with guns greater than 16 inches.

2—In auxiliary ships, such as cruisers, torpedo boats, etc., the powers are free to build as their resources can stand, but none are to be greater than 10,000 tons in size, nor mount guns of greater caliber than eight inches.

3—In airplane carriers, the United States and Great Britain are each to have five, Japan three, and France and Italy two, each, with none greater than 27,000 tons in size, nor mount guns of greater caliber than eight inches.

4—A ten-year naval holiday is to

be observed solely in the matter of capital ships, with provisions laid down as to methods of replacements, etc.

Methodist Choir Will Sing Cantata New Year's Night

Under the direction of Mrs. E. W. Pulker, the augmented choir of First Methodist church will sing the cantata, "Holy Night," by E. L. Ashford, at 7:30 p. m. Sunday at the church. Miss Florence Murray will be organist, with Marshall Bailey assistant organist.

As the prelude Mr. Bailey will play Allegro and Andante, from Sonata in D Minor (Merkel); "In Springtime" (Kunder); piano, "Military Polonaise" (Chopin). Following prayer, announcements and scripture reading this cantata program will be given:

Organ prelude, Miss Florence Murray; bass solo and chorus, "And In That Day," Charles Cornwall and choir; bass solo and chorus, "There With Joy," W. H. Matthews and choir; quartet, "There Shall Come Forth," Miss Mary Mellinger, E. V. Burt, Mr. and Mrs. Charles Cornwall; quartet and chorus, "Mrs. A. B. Hobson, Mrs. Charles Cornwall, Mr. Cornwall, Mr. Burt; contra solo, "O Blessed Town of Bethlehem," Mrs. Charles Cornwall.

Tenor solo and chorus, "Glory to God in the Highest," Mr. Burt and choir; soprano solo, "Star of the East," Mrs. E. W. Pulker; men's chorus, "Quest of the Wise Men," Charles Cornwall and choir; tenor solo and quartet, "Blessed Be the Lord God," Mr. Burt, Mr. Cornwall, Mrs. Cornwall and Mrs. Hobson; soprano solo and chorus, "Come and Worship," Miss Mellinger and choir. Benediction.

Economic Pulse Grows Stronger Treasurer Says

Washington, Dec. 31.—The economic pulse of America is growing stronger as the old year dies, Frank Knight, treasurer of the United States, declared today in predicting better times ahead and a substantial improvement in financial and industrial conditions.

Knight urged the lifting of restrictions in the money market and asserted an extension of bank credit was absolutely necessary.

Three Plays In One Night By Students

Benefit For College Boys
Will Include Music
And Mirth.

The New Year's eve program given by the Student Players at the Grand theater begins promptly at 8:15, with music by Dorcha Calkins, a student now at Oberlin. There are to be three separate short plays with music or amusement between them.

Those who work until 9 p. m. are expected. They may arrive in time to hear Miss Gertrude Liber play, they will probably arrive in time for all of "Suppressed Desires," but there are two scenes in this little play, and even the second alone is enough to make one laugh heartily.

Then comes something funny from Mary Elizabeth Kidler, and music from Miss Ruth Lowry. "The Robbery" follows. It is worth 50 cents to see Ralston Jones be himself in public. With Josephine Gottschalk, Ruth Lowry and Harold Votaw fooling around him it is easy for Ralston to be funnier in the "Robbery" than he ever intended to be.

The high school students have seen "Suppressed Desires" very well given. So have the teachers, but no one has yet seen Elizabeth and Kathryn Miller plus Harold Votaw let loose in it. Nothing ever was funnier or more perfectly done.

But it will be too bad to have to miss "Dregs." It is the best bit of acting Marian Campbell and Frank Spencer have ever done. They were fine together in "Alexander Hamilton," but they are better in "Dregs." It is amazing, too, what a boy of 12 can add to a play. As the little boy Jim loves and kidnaps, Donald Smith is splendid. Jean Litt has little to do in the play, but what he does is necessary and very well done. Robert Wilson is good too.

The plays really are fine, for every one in them likes his part.

FLEMING TO ADDRESS ROTARY CLUB TUESDAY

A. O. Fleming, secretary of the Community chest of Youngstown, will be the speaker at the Rotary club meeting next Tuesday noon at the Elks club. Mr. Fleming, a leader in welfare and community work in Youngstown, was formerly state representative. He has become a layman speaker of some note and Rotarians are anticipating an entertaining address when he appears before them. Members are privileged to bring guests to this meeting.

KIWANIANS WILL HEAR ADDRESS BY BEE MAN

Salem Kiwanians will learn something of the raising of bees when Huber H. Root, general manager of the A. R. Root company, Medina, addresses the weekly noon day meeting Wednesday at the Elks home. Mr. Root will have a hive of bees with him to illustrate his lecture.

Wednesday afternoon Mr. Root will address students of the High school in the school auditorium.

\$2,679,032 DUE COUNTY FOR ALL AVAILABLE TAXES

Biggest Duplicate County
Ever Had, Says Auditor
Hamilton.

GREATEST AMOUNT DUE E. LIVERPOOL

Salem City Has \$399,232 To
Its Credit For All
Purposes.

By M. K. ZIMMERMAN

Lisbon, Dec. 31.—Should all taxes be paid during current fiscal year, the county treasury will be enriched \$2,679,032.23. There is listed on the tax duplicate for collection \$2,574,598.07 and the difference between the two amounts represents delinquency carried over from 1920 and former years.

"It's the biggest duplicate we ever had," declared County Auditor Charles E. Hamilton, when he spread the big sheet of figures before him and then proceeded to check up the different items.

The statement as prepared by Hamilton shows what every taxing district within the county will receive. East Liverpool city leads the list, having to its credit \$690,373.12, this tax being for all purposes, and outside of Liverpool township.

Salem city takes second place, having \$399,232.15 to its credit for all purposes. This is outside of Perry township, which has \$44,186.33 coming to it.

What is to be credited to every taxing district in the county, should all taxes be collected, follows:

Butler Township—Goshen township school district, \$39,833.83; Knox township school district, \$4,775.46; Center Township—Hanover school district, \$512.08; Hanover township school district, \$34,363.78; Lisbon township school district, \$12,669.44; Wayne township, \$38,439; Lisbon corporation \$92,613.47.

Elkrun Township—Center township school district, \$12,114.65; Madison school district, \$649.85.

Fairfield Township—\$71,351.82; Leetonia school district, \$335.37; Col-

"I want to state right here that on the seventh day of January at 12 o'clock the lid is going on. It makes no difference who you are, how much pull you have, how well you know me, or what you think you can do. There will be no excuses accepted or leniency extended to anyone.

"This includes street walkers and parasites that live on the proceeds of the underworld. In fact, this includes everyone that is not a law abiding citizen. Pass this word to your friends as there will be no excuses love, drink up, pack up and move or behave under any consideration."

Peace On Earth

THE year that has passed, and some of the years just preceding it, have tried men's souls. From every quarter of the globe have come the cries of half-starved children, the groans of millions of people afflicted by all the ills to which mankind is subjected; the rumble of revolutions; the news of the upheaval of governments; the overthrow of institutions; the aftermath of conflict.
It may have seemed to us at times that the world was staggering blinded, stricken toward some awful chasm. The optimist has hoped and prayed. The pessimist has prophesied even greater evils to come. The courageous have struggled valiantly. The timid have trembled and feared.
But all the time guided by an All Powerful and Invisible Hand the world in which we live has been steadily making progress towards the realization of the Master's benediction, "Peace on earth, good will to men."
We are nearer the realization of the hope of humanity today than we have ever been before. Out of the darkness have come shining rays which will illuminate our pathway into a glorious future. Nations have come together to take the initial steps which eventually will result in making war impossible. The people of every race and every language have declared themselves free from the shackles of oppression, of race hatred, of domination by selfish, ambitious and unscrupulous rulers. It is only a step which has been taken, but it is one upon the right road; a way that will lead to some of the things Jesus Christ undertook to make men strive for 1900 years ago.
That is why this particular New Year should mean so much to all of us. Behind us are the superstitions, the nightmares, the horrors of an unawakened, ignorant and blinded world. Before us are the days when the application of some of the teachings of Christ will mean more than their mousing by unthinking lips. What we have been passing through has been the deeper darkness preceding the dawn. The New Year has come.
To be sure, the joyous bells will welcome it ring out in places where all the gaping wounds of war, pestilence, misery and oppression have not been bound up. But to these afflicted spots of the earth good Samaritans are hastening. They will be the bearers of relief to the distressed, and behind them will be the wealth and power of nations, from whose shoulders will be lifted the burdens which have rested there for generations.
So, as the bells peal forth their notes of gladness, we, and all the world, can rejoice as never before. The spirit of Christ is upon the earth and all mankind may join in the harmonious anthem, "Peace on Earth, Good Will to Men."

The egg trust is pushing up the price of eggs. They bought them at 22 cents a dozen and in some of the cities they have gone up to 35 cents.
One hundred and thirty thousand freight cars were built during the past year for use in this country, and yet there is a shortage.
Frank Button, who has been conducting a restaurant on Main st for several months, is preparing to move to Columbiana.
Elmer J. Bundy and family, Canton, visited his sister, Mrs. J. B. Stratton Monday. Mr. Bundy has accepted a position in Dayton and will leave for there in a few days.
John Heckert, a local dairyman, is preparing to build a separating station near his home on Fair st. Milk will be bought and delivered at the station and separated there before being taken to the creamery.
James Morrison, Ashtabula, has purchased the barber shop on Main st, formerly conducted by B. F. Williams.
Floyd B. Shaffer, Salem boy who

has been fighting for Uncle Sam in the Philippines and Cuba, is expected home soon. He enlisted three years ago.
Mr. and Mrs. W. D. Casselberry, McKinley ave, have issued 150 invitations for the celebration of their 30th wedding anniversary Thursday evening, Jan. 9. The party will be at the Calumet club rooms.
Sadella Hawkins, East Rochester, and P. L. Miller, Salem, have been granted a marriage license.

Weigh Elements of Universe.
Atomic weights of nearly forty of the ninety chemical elements from which the universe is built have been determined by Prof. Theodore Richards and Prof. Gregory P. Baxter, according to announcement by Harvard university.
The figures were issued after 35 years of experimentation, and some of the data is being used by thousands of chemists throughout the world, the report says.
Among the facts discovered was that iron and nickel from meteorites have the same atomic weights as iron and nickel from the earth, indicating the unity of the universe. It was also found that silver and copper, wherever dug, are of constant weight, but that there are two weights of lead, that from radium materials being lighter than the ordinary kind.

Comforting.
A Hoosier minister's wife was getting ready to go to the hospital for an operation. Her husband and children had been solicitous of her all day, everything around the house had been very quiet until late that evening, when she heard the seven-year-old twins quarreling. She asked her husband to see what it was about, and he summoned them into the room to give them a lecture on worrying their mother.
"It was all your fault, daddy," Flora retorted.
Floyd nodded his head and the minister asked what he had done. Imagine the feeling when Floyd replied: "Mr. Long said he didn't see where you would get another wife if mother died, and I said you would want Miss E. and Flora said you would want her Sunday school teacher because you called her your helping hand all the time."—Indianapolis News.

use?" Right then I had accidentally found the answer to my first question.
What's wrong with Salem? I am—and you are. Most of us are. We say—"What's the use? Why boast Salem? What good will it do? The other fellow is a bonehead, a crook, stubborn. We can't accomplish anything, the knockers will beat us."

There you have it, friends. Indifference, intolerance, cowardice, procrastination. If Salem is wrong, I am to blame and here on the old old of a new fresh year, I confess and hereby determine to make a few resolves for Salem. If just a few others—a mere handful—will confess and resolve with me, we can make Salem a better place to live in.
Therefore, be it resolved:

1—That I will not criticize or knock Salem, its officials, its institutions, its traditions, its leaders—UNTIL I have investigated and considered all the facts and UNLESS I can offer a remedy for the things I criticize.

2—That I will not criticize or knock my competitor merely because he seeks the same business, or trade, or clientele as I do.

3—That I will not consider as "mine enemy" everyone whose opinions differ from mine.

4—That I will remember that Salem is composed of thousands of individuals, no two of whom are alike, with thousands of different ideas and that 99 persons out of a hundred want to be honest, and square and useful citizens.

5—And finally, that I will consider Salem as my home and will try to keep her just as neat, just as clean, and just as satisfying as I do my own home.

These resolutions, my friends are for Salem. They are not personal but if I can keep them I will benefit personally. So in answer to the question: What's the matter with Salem? let us answer, "Shes all right—if she's not right, let us make her right."
Don't throw away your hammer, but use it to build, not knock. Use it to raise—not raze. Let's go.

Many Women Need Better Blood

They Lack Vitality and Color.

It is a fact proved by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to women, whose most common ailments drain and weaken the system and sometimes result in anemia, nervousness, general break-down. Women overworked by family duties or overtaxed socially, find their nerves all unstrung, faces pale, appetite poor, sleep unrefreshing. Hood's Sarsaparilla gives the blood more vitality and better color, makes stronger nerves, and contributes to the enjoyment of life. It embodies a long-tried and found-true formula for relief of the pale, weak, nervous and dyspeptic.

Daughter Of Cuban President To Wed

Rita Gomez Colon. N.Y.

Senorita Gomez Colon, daughter of Senora Zayas, wife of the Cuban president, has announced her engagement to Senor Guido Colli, prominent in Havana society. The marriage will take place some time in the early spring, and they will spend their honeymoon in the United States. Senorita Colon is a great admirer of the American people and has visited New York on several occasions. She is a gifted musician.

Calumet Dinner-Dance Most Brilliant Social Event Of The Year

The Elks home, McKinley ave., was the scene Friday evening of the most brilliant social function of the holiday season, the dinner-dance given by the Calumet club. The event interested Salem's society folks and a number of out-of-town guests.

The guests were received in the lodge room. The dinner was served in the hall room, which had been transformed into a bower of beauty, southern smilax being used in profusion. The corners of the room and balconies were banked with ferns and palms.

Baskets filled with American Beauty rosebuds, stelia and maiden hair ferns made the tables attractive. Covers were laid for six at each table. Dancing was introduced following the dinner and for this Boyle's orchestra of Youngstown furnished splendid music.

This proved to be one of the most elaborate social events given by the club, and although its organization was dissolved about two years ago, its officers have arranged to give about three social functions a year, a May party, Thanksgiving party, and a holiday party. The club was organized Nov. 10, 1894, and was the leading social club in Salem during its existence.

Those who participated in this party are: Mr. and Mrs. C. S. Carr, Mr. and Mrs. A. P. Mullins, Mr. and Mrs. R. B. Anderson, William Tucker, Miss Hazel Speidel, Robert Speidel, Jr., Morton Murphy, Mr. and Mrs. A. E. Harris, Miss Marjorie Harris, Miss Helen Deming, Miss Helen Boyd, Mrs. Bassett, Mr. and Mrs. G. R. FUSARIUM WILT CAUSES LOSS IN TOMATO CROP

That fusarium wilt causes the greatest disease loss to tomato growers was brought out at the convention of the Ohio Cannery association at Cincinnati recently. In some sections there has been a loss of the entire crop for three successive seasons.

Pathologists point out that the only way to prevent loss from this disease is through the selection of resistant varieties. They name the Greater Baltimore, Marvel, Norton and Arlington as disease resistant selections.

The most prominent tomato growing sections of the state are in Hamilton, Ross, Wood, Lucas, Washington and Ashland counties. In all of these counties the rate of production is slowly but surely decreasing.

CHURCHES

Methodist. Rev. H. H. Scott, minister—At 9:45 will convene the church Bible school, Raymond Fletcher, superintendent. Let us have a record-breaking New Year Sunday morning attendance this time.

At 11 the pastor will preach on "How to Get the Most Out of the New Year, or Cornering the New Year, 1922."

At 6:30 the topic of the Epworth League meeting will be "Our High Calling." Walter Davis will lead the meeting.

At 7:30 the augmented choir in vestments, will sing the cantata, "Holy Night," by Ashford, under the direction of Mrs. E. W. Pulker. Miss Florence Murray, organist. Marshall Bailey will be guest organist, assisting in the service. The cantata is a beautiful one of recent composition and will be a rare musical treat to those who hear it.

Wednesday at 7:30 the mid-week service. Let every one who has the little red book bring it Wednesday and start the first week of the New Year with us. The study will be the "Witness of Nicodemus and of the Baptist," John 3.

The official board will meet Wednesday after the mid-week service, for the regular monthly meeting. The Edna Thomas society will meet Tuesday, 7:30, with Miss Helen French, McKinley ave. The Queen Esther circle will meet Thursday, 7:30, with Miss Mary McMurray, 74 East Sixth st. The Womans Foreign Missionary society will meet at the church parlors, Thursday at 2:30.

Christian. Rev. H. L. Miller, pastor—Church school, 9:45. The New Year is beginning. New officers are elected. Tomorrow is opening day for 1922. Come with the enthusiasm of the resolution season. Begin the practice now of every Sunday at the service. We have inspiring sessions at the opening and closing of the school. Classes are arranged for the grouping naturally by age and social need of the students. Every thing is ready for a great year. We give a welcome to strangers.

Morning worship and communion, 11, subject, "The Hope of Glory," evening worship, 7:30, subject, "The Man (Uzza) and His Job."

Our only aim is to point the soul onward to higher things even to Heaven. If such a place of worship appeals to you—Come!

First Baptist—Rev. Jose Aguilar, pastor—At 7:30 p. m. Saturday German New Year's sermon; at 9 a. m. Sunday, Sunday school; English sermon 10 and German service at 11. The annual congregational meeting will be held at the parish hall at 7:30 p. m. Sunday, January 8.

I. B. S. A. meetings held in the Sheet Metal Workers hall on Broadway. Berean study at 1:30; discourse at 3, subject, "What Shall I Vender Unto the Lord for All His Benefits To Me?"

Church of Our Saviour, F. S. Eastman, rector—Sunday, Jan. 1, Holy communion, 8:30, also at 11, when Christmas music will be sung. Church school at 10 a. m.

What God Says about-NEW CARTS

"And they set the Ark of God upon a new cart." New carts are quite the vogue.

The effort to get the blessing of God by new ways fills the religious columns of the newspapers with strange advertisements. This new cart was David's idea, and King David was a man of resource. And yet it must be admitted that he seldom allowed himself to do things according to his own notion. Generally he reverently consulted God about every move.

But this time the idea occurred to him that it would be a great thing to get the Ark of God home to his new city—"The city of David."

Now there were explicit directions as to just how the Ark was to be moved (read Numbers IV:1-15) but with this new idea in his head he went head-long for the Ark. Yes, that's it "head-long." If he had gone heart-long he would have consulted the sacred records. But he put Ark on a new cart and put a team of oxen to it and God had to kill a man to show how dangerous head-long ways are.

And poor David was flabbergasted. Now, the ancient records are still the one infallible guide to worship and new carts are dangerous and many are killed spiritually trying them.

SOCIETY

L. T. L. Program

Mrs. W. A. Leatherberry was hostess to the members of the Loyal Temperance Legion at her home on East High st. Friday evening. Miss Velma Walker was in charge of the program which consisted of piano duets and solos, recitations and a dialogue presented by four girls. Mrs. Bessie Middleton gave a talk on cigarettes. The following had part in the program: Elmo Bash, Velma Walker, Phoebe Ellen Farson, Mrs. Ella Wagner, Robert Ketterer, Stella Clark and Corinne Myers.

The next meeting will be in two weeks with Mrs. W. A. Leatherberry.

Miss Crossley Hostess

Miss Hazel Crossley was hostess to 24 of her friends at her home on North Union st. Friday evening. The home was made attractive with Christmas decorations, red and green being the favored colors. A two-course lunch was served and the guests enjoyed games and dancing. Guests were present from Cleveland and Youngstown.

West Side Club

Forty members of the West Side club enjoyed a social session Friday evening at the home of Mr. and Mrs. W. W. Brown, Damascus road. Games and singing were favored diversions and a lunch was served. Miss Alma Haviland, Windber, Pa., was among the guests. A meeting the last Friday evening in January will be at the home of Carey Buckman, Damascus road.

Narcissus Circle

Narcissus circle members spent Friday afternoon with Mrs. L. R. Chamberlain at her home on the Lisbon road, enjoying the hours socially. The out-of-town guests were Miss Cecelia Galey, Lakewood; Miss Elsie Bridge, Cincinnati and Miss Lucille Hilles, Cleveland. The members will meet again in two weeks.

Congregational Dinner

The Friends church, Damascus had a New Year's dinner for its congregation Friday in the church basement. A short program was given followed by a social period. In the company were Mr. Hardy, Columbus, father of Rev. Herbert Haldy, pastor, and Rev. Mr. and Mrs. Powell, Goshen.

Babb's New Year's Dance

Among the pleasant social functions planned to usher in the New Year, is the dance to be given by Mr. and Mrs. Harold Babb at the Elk's home Monday evening. The Slick Six orchestra has been engaged to furnish music and dancing will begin at 8:30 and continue until 12.

Surprise Mrs. Allen

Fifteen friends of Mrs. Earl Allen carried out a surprise for her Friday evening at her home on Woodland ave. in celebration of her birthday anniversary and also presented her with gifts. A three-course supper was served, which was brought by the unexpected visitors.

Announce Engagement

Word has been received here of the announcement of the engagement of Miss Lucille Hilles, daughter of Mr. and Mrs. Hilles, East Cleveland, to William Bailey Davidson, Jr., of Akron, son of Mr. and Mrs. William Bailey Davidson of Montgomery, Ala.

Catalpa Club

Mrs. Velona Bullard entertained Catalpa club members Friday afternoon at her home on North Union st. The guests enjoyed the hours at needle work and visiting. Miss Rita Fellers, Youngstown, was out-of-town guest.

Masonic Dance at Lisbon

Uncommon Sense

By JOHN BLAKE

CLOTHES, CONFIDENCE

MARK TWAIN could afford to indulge his delight in unusual and fantastic clothes. He was a genius.

If John D. Rockefeller chose to walk down Broadway in a suit of blue jeans it would not affect his financial standing, although it might create surprise, for his custom is to dress himself rather neatly.

Russell Sage wore the same straw hat for 15 years, and was able at the same time to get more interest on a thousand-dollar investment than almost anybody else in Wall street.

But Sage was an exception. And when he was just out of Troy, beginning his long climb in New York, he dressed more carefully.

The importance of good clothes is the confidence they inspire, not only in the wearer but in those with whom he comes into contact.

The well-dressed man impresses others with a belief in his competence. The man in rusty coat and baggy trousers is viewed with an eye of suspicion.

"If he is able, why doesn't he dress well?" asks the world.

To the job seeker nothing is so much of an asset as a prosperous appearance.

He need not be dressed as the writer of the fashions-for-men columns would dictate, but his clothes should be whole and clean, and not three or four years behind the style.

One reason for this is that competent men usually take a pride in their personal appearance and dress well. And the world takes its impressions from custom. It is not customary for a bookkeeper or clerk to be shabby. Therefore a shabby bookkeeper or clerk is looked upon as lacking in ability.

Of course dressing too well is as bad as dressing too poorly. The flashily clad youth who wears cheap imitations of ultra-stylish garments is usually set down as a tin-horn gambler, or a horse-race follower, and stands a small chance of getting any good job.

But the youth who is careful about buying and keeping his clothes, and who looks as well as he can, will get at least consideration. After that, provided there is any job to get, whether he gets it or not, depends upon his manner. And his manner is surely to be more impressive if he is well dressed than if he is shabbily clad.

Finding Speed-Rates of Insects.

Experts of the United States Department of Agriculture have just been carrying out some tests to discover the speed-rates of different species of flies. In a district of northern Texas 234,000 flies of various species were caught, were dusted with finely powdered red chalk, and were then liberated. Fly-traps, baited with food especially relished by flies, were placed at measured distances from the point of release. It was found that most flies would travel distances up to 1,000 feet in a few minutes. The house-fly covered over six miles in less than 24 hours. The maximum distance traveled by it in these experiments was 13.14 miles.

Whether it made this stopping-place its permanent home or returned toward the starting-point is not recorded in the accounts that have appeared.

COMMENTS ON RESEMBLANCE

Wisdom of the Unusual Publicity
Given the Proceedings of the Conference on Armaments Has Been
Made Apparent to All.

Washington.—At a dinner given here in which "skits" on current things formed a part of the diet, a huge key was held up to the gaze of the diners with the statement that it had been found, and that the owner was sought. Attached to the key was a tag on which was printed "Key to the back door of the League of Nations."

The instantly voiced suggestion of the toastmaster of the occasion was that the key might belong to Secretary of State Charles E. Hughes. There was instant disclaimer of ownership from one speaking in behalf of the secretary, and the disclaimer was coupled with the word that the key could not even be slipped into one of Mr. Hughes' pockets because all of these ordinarily useful receptacles were sewed up.

In this little skit perhaps is to be found the meat of the comment in Washington concerning the agreement for a four-nations pact just entered into by the plenipotentiaries in behalf of Great Britain, France, Japan and the United States.

There is further assurance that when it shall become necessary to bind this pact the United States senate will approve it by the necessary majority. Some men will vote for it who would not have voted in any circumstances for something which was much like it, but which was proffered to the senate by different hands. Of course the four-power pact is not a league of nations, but it is an association of nations, as Mr. Harding visualizes such an organization. In the book of synonyms "league" and "association" are printed one after the other. There are shades of differences of meaning in words given as synonyms. It is hard sometimes to detect the differences of shading.

Differ, But on Parallel Paths.

There is really a wide difference between what seemingly is to come out of the Washington conference and what came out of the Versailles conference, but the two things trot along in paths parallel for some of their course, but which, after some distance has been covered, incline toward each other and finally meet.

Joseph P. Tumulty, the one time secretary to former President Wilson, has set it down over his signature that the ideas and the substance of this treaty are identical with those found in the Wilson covenant, and he quotes former pronouncements of Mr. Lodge and Mr. Taft to prove his point.

Another man, who is said to be an expert, declares that the treaty savors of the Hague and not of Geneva. Well, whichever it savors of, the differences of opinion on the subject, or at any rate the differences of expressions of opinion, which are not always the same things as opinions, are perhaps of little moment because it seems assured that the senate will accept the agreement, ratify the necessary treaty or treaties, and that the partnership of the United States in Mr. Harding's association of nations will become an accomplished fact.

In dispatches it has been said authoritatively that the Japanese would accept the naval ratio of strength proposed by Mr. Hughes on the opening day of the conference. As soon as it was known that the proposal for a pact between the four great nations was to be accepted it was known that the Japanese acceptance of the 5-5-3 ratio, or something very close to it, also could be accepted.

Wisdom of Publicity.

Things have gone on rather swimmingly since the day of the beginning of the conference. There has been more publicity than at any gathering of the plenipotentiaries of the powers since time was, and all this notwithstanding the fact that the smaller committee meetings necessarily have been secret.

Prior to the coming together it was held by most of the conferees that it would be unwise to make any of the committee meetings public. Today in Washington the wisdom of the course pursued is apparent. There have been bickerings in the committee meetings and perhaps an exchange of a hard word or two, but in the open all has been peaceful, and moreover in the open there is given the proof that no matter how heated the conferences in the committee rooms, satisfactory results finally were reached.

If the multitude of writers assembled here in Washington had been given access to the committee rooms the little quarrels might have been taken to mean that greater quarrels and final disagreement were to come. The country would have been kept in a state of uncertainty, and it is probable that the animosities of the delegates might have been increased by public discussion of their differences.

Today there are predictions that the whole thing may be over by the New Year which perhaps is to be made a particularly glad New Year by the results achieved.

CHANGES MADE IN INCOME TAX LAWS

Th...ed to Pay Must
Get...turns by Jan. 15.

WARNING BY REVENUE HEAD

Disabled World War Veterans Seek Investigation of Conditions in Ohio Hospitals and Asylums—Action of Southern Ohio Coal Operators Forecasts Contest With Mine Workers' Union.

Columbus, Dec. 31. — Newton M. Miller, collector of internal revenue, of Columbus, is sending out information concerning the changes in the income tax laws and warning those compelled to pay taxes to get in their returns before Jan. 15.

One of the most important changes in the law is the provision requiring every person with a gross income of \$5,000 or more to file a return, regardless of the amount of deductions.

The law requires a return to be made by every single person with a net income of \$1,000 or more and by every married person, living with husband or wife, with a net income of \$2,000 or more, with the usual deductions for children. Widows and persons divorced or not living with husband or wife are regarded as single persons.

A wife with an income is required to file a return unless her income is included in the return filed by the husband, in which case an exemption of \$2,000 will be permitted for the two combined. Separate returns will necessitate the paying of a tax by each on all over \$1,000, the same as though they were single. An income of less than \$1,000 for the wife, says Miller, should be included in the return of the husband. An income to children, over which the father has control as his own, says Miller, should be regarded as a part of his income.

A resolution demanding of President Harding, the veterans' bureau and state officials an investigation of treatment of ex-service men in hospitals and asylums in Ohio was adopted at the convention of the Disabled War Veterans of the World at Columbus.

The resolution followed the reading of a letter from Judge Robert S. Marx of the superior court of Cincinnati, in which he charged that ex-service men in these institutions are being neglected.

Judge Marx asserted that 250 ex-service men in the Longview asylum for insane are "obliged to sleep like cattle," and are being grossly neglected. Judge Marx is national commander of the organization.

The convention also went on record as opposing the bringing of additional men to the vocational training school at Camp Sherman.

The resolution declares that the cost of maintaining the camp is excessive and that money spent in supporting this project will be only taken away from the ex-service men without doing them any appreciable good. Members suggest the leaving of the 500 men now at the school there as an experiment and say that should the school prove successful there will be plenty of time to send the additional men which the government is planning to send.

State headquarters of the organization were moved to Toledo following the election of Edwin T. Powell of Toledo as state commander. Other officers elected were: Edward L. Hughes, Toledo, adjutant, and G. E. Thordt, Springfield, vice commander.

Rev. W. H. Kellogg, former Methodist minister, but for several years chaplain at the Mansfield reformatory, who is being prominently mentioned as the successor of Rev. John L. Rutledge, recently deposed superintendent of pardons and paroles, was in conference with Rev. Howard S. MacAyeal, director of welfare.

Neither Dr. MacAyeal nor Rev. Kellogg would say whether the appointment was the subject under discussion, although Dr. MacAyeal admitted he had not yet made up his mind as to a successor for Rev. Rutledge.

A delegation of Cleveland ministers, made up principally from the Cleveland Ministerial association, is expected to call on Governor Davis to protest against the removal of Rev. Rutledge. Governor Davis, however, has already intimated he will not interfere with the action of Dr. MacAyeal in asking for his resignation nor in the appointment of his successor.

A poorer apple crop next year in Ohio than would have resulted under similar conditions had orchardists sprayed their trees last year is to be expected, according to the report of plant pathologists and horticulturists at Ohio State university.

According to the report, farmers last year neglected to spray their trees because of the poor crop, and

result the trees have suffered heavily from leaf fungi, particularly from the frog eye leaf spot. This it is feared will greatly reduce the size and quality of the 1922 crop.

The report says in part: "Discouragement and lack of funds led many to neglect their trees, sometimes in the belief that since there were no apples, insects and bacteria could not reduce the crop. However, a crop can be reduced quite as effectively by attack on the foliage as on the fruit."

Field men of the horticultural department of the university agree that the leaf disease is widespread and urged farmers to start with a winter dormant application, resume their spraying and wage a relentless war on the pest that are attacking trees.

The reduction of freight rates on the Ohio Electric between points in Ohio to conform to the rate as charged on steam lines has been announced by officials of the company at Toledo.

The reduction, which is effective today, will amount to 13 1/2 cents a hundred pounds on first class freight and a corresponding reduction on other classifications.

Approximately 4,000 teachers from all parts of Ohio are attending the Ohio state teachers' convention in Columbus this week.

The convention broke up into a dozen or more group and sectional meetings and are holding meetings in various parts of the city. The Ohio Teachers' league was the first to get down to business. This organization elected as officials for next year: L. B. Brink, Cleveland Heights, president; E. F. Macke, Cincinnati; Edith Mallin, and Louise Ridge, Cleveland Heights, and Mabel Ely, Cleveland, vice presidents. These constitute the board of directors.

The teachers are said to be planning to make a vigorous fight for school legislation, and it was intimated they may take a hand in attempting to clear up the tax muddle.

Clear roads for Ohio, regardless of the snowfall, is the aim of the good roads board of the State Auto association, according to an announcement made by the board Wednesday.

Members of the board say steps have been taken to insure the removal of heavy drifts on all main roads, which they say will not only facilitate travel but will result in money saving for road building by preventing rutting and otherwise minimizing road destruction.

The withdrawal of southern Ohio mine operators from further dealing with the miners' union is looked upon as the first blow in the long threatened battle between miners and operators in Ohio, although W. D. McKinney, secretary of the Southern Ohio Coal exchange, declared that the move is not a blow at union labor.

"We are driven to the move," said McKinney. "Ohio mines are nearest the markets and should be the first to close; they have been the first. Coal is being shipped through our fields from other mining districts to consumers formerly supplied by us, but these sections are using West Virginia coal, because of price differences."

The letter sent President John L. Lewis of the United Mine Workers of America by Commissioner J. H. Pritchard, breaking off diplomatic relations between the miners and operators, said in part: "To relieve our natural conditions, to serve the public efficiently and to relieve conditions which are destroying mining communities, the mining industry and the earning power of miners, the operators of southern Ohio feel it is incumbent upon them to notify you now that we can not meet with you as heretofore."

"In due time the operators of southern Ohio will propose a new wage scale for their employees which will not include the check-off and which will eliminate the inequality placed on this district."

Pritchard's letter came in response to a request from Lewis for a meeting with the operators prior to April 1, when the old contract between the miners and operators expires. Operators admit the abolition of the check-off will doubtless bring on a long and bitter strike, but they say they are determined to fight this issue to a finish. "As well now as any time. We might just as well thrash out the whole thing at one time," say the operators.

Miners say the abolition of the check-off would be a serious blow to the organization and declare such a move on the part of the operators is the first stroke in an effort to break the power of the union and introduce the "open shop" movement among miners.

George W. Savage, secretary of the Ohio mine workers, said there is no immediate danger of a strike because of the refusal of the operators, but declared there must be an agreement between the operators and miners before April 1 or the mines would not operate.

He said he did not look upon the move of the operators as an effort to break the union, but rather as an abrogation of the agreement entered into between operators and miners March 31, 1920, at New York. Savage lays the blame on the operators and declared: "If we are to have stability and peace in the coal business an agreement must be reached."

COUNTY IS AWARDED JUDGMENT OF \$64,000 BY COURT OF APPEALS

Lisbon, Dec. 31.—Columbia county woke up Saturday to fact that it has been awarded judgment totaling about \$64,000 by an opinion handed down by the court of appeals against the Aetna Surety Co., and the London & Lancashire Indemnity Co.

The unanimous opinion of the court was handed down by Judge L. T. Farr.

Unless the supreme court of Ohio reverses the opinion of the court of appeals, which in turn affirmed the judgment of the common pleas court, the county commissioners will have a lot of money to put into new road work which has not been taken into account.

It was during 1918 that the county commissioners awarded contracts to Connelly & Son for the improvement of a section of the California hollow road north of East Liverpool, and a part of the Salem-Winona road. The contract was defaulted. Then the commissioners awarded the job to other contractors.

When the roads were finished, the commissioners instructed prosecuting Attorney Hanley to file an action to recover the difference between the price of the Connelly bids and the final cost of the two jobs. When the Connelly interests took the contracts, the two bonding companies were designated as sureties.

For the difference in the cost of the California hollow road job and the initial bid, the county sued for \$23,247.47 with interest and on the Salem-Winona job the county asked \$22,167.70, with interest.

Judgment for the full amount was handed down.

Billionaire's Home Raided, Big Stock Of Liquor Is Seized

Chicago, Dec. 31.—Rare wines and liquors to the amount of \$109,000 were stolen from the billion dollar Glencoe home of Charles A. Stonehill, billionaire wholesale milliner, in a daring raid early Friday.

The raiders, heavily armed, broke into the palatial home despite the network of burglar alarms and overpowered the guard there. They cracked the liquor vault.

According to the report made to

Chief of Police John Neany of Glencoe the robbers took the liquor away in a big moving van.

Terre Haute, Ind. — Carylton Carpenter and his wife were found dead in their apartment, the victims of moonshine liquor. The couple were married Christmas day.

How Far Will Your Dollar Go Today?

WHAT you get for a dollar determines its value. And the secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage.

Every day this newspaper contains information that you should have in order to increase your buying power. The advertisements are intimate little lessons in economy. They are notices of how—where—when and for what your dollar will go farthest.

This advertising awaits your pleasure. It does not force itself upon you. At your convenience you can study it to learn where to go for the product or service you require—to discover where and how you can buy most easily and to best advantage.

It's a fascinating and worth-while practice to see just how you can make your dollar do its best for you.

Catarrhal Deafness Cannot Be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
Catarrhal Deafness requires constitu-
tional treatment. HALL'S CATARRH
MEDICINE is a constitutional remedy.
Catarrhal Deafness is caused by an in-
flamed condition of the mucous lining of
the Eustachian Tube. When this tube is
inflamed you have a rumbling sound or
perfect deafness, and when it is entire-
ly closed, deafness is the result. Unless
the inflammation can be reduced, your
hearing may be destroyed forever.
HALL'S CATARRH MEDICINE acts
through the blood on the mucous sur-
faces of the system, thus reducing the in-
flammation and restoring normal condi-
tions.

1922 To Bring Resumption Of Big Steel Mills

Pittsburg, Dec. 31.—With 1922 but a few hours away, 1921 is passing out with more plants resuming operation all over Pennsylvania. There has been considerable improvement in the steel industry within the past 30 days and the opening of the new year will see many plants starting up in whole or in part.

The steel mills are the national industrial barometer. When the mills are down hard times prevail throughout the land. From the great cities such as Pittsburg, Youngstown, New Castle, Sharon, McKeesport, Homestead, Braddock and innumerable other towns of this state, announcements have come of the revival of the steel trade.

In the past few days, some concerns have announced their intention of resuming operation, especially for an indefinite period; others, entirely idle for six months or a year are going to start up on at least part time and in some instances, better than that.

THE RIGHT THING at the RIGHT TIME

By MARY MARSHALL DUFFEE

LUNCHEON FOR TWO

A dinner lubricates business—Lord Stowell.

A YOUNG woman in business asks to know whether it is ever in good form for a young woman to take luncheon alone in a restaurant with a man with whom she is associated in business. To be sure there are times when it would be distinctly unwise for her to do so, and other times when it would not only be in perfectly good form but almost necessary to the smooth running of her business relations. For more and more men and women in business meet on a basis of good fellowship and with none of the consciousness of sex that characterized the treatment of young women in business some fifty years ago.

Though the over prudish one might say that an unmarried woman ought never to take a meal alone in a public place with a man to whom she was not closely acquainted without a chaperone, no sane person can feel that this applies to the woman who is earning her living. Imagine asking the business associate to permit you to send for your married aunt or mother when obviously the object in lunching with you was to save time by talking business at the same time that you have luncheon and to better understand each other's business methods under the favorable influence of some hotel's good cookery.

In general, having luncheon with a business associate is something that almost every business girl of any experience would at times consent to do, while having dinner is quite another matter. The young business woman can always excuse herself on the ground that she does not wish to remain away from home at dinner time or that she never lets business concerns intrude on the evening hours, but she has no excuse for luncheon and, in truth, no one judges a woman nowadays who goes to lunch alone with the man she knows in business.

If you ask a young woman to have luncheon with you, always defer to her in the matter of choosing the place. If you know of some interesting place you may make the invitation to that place. If it is not mentioned by the invitation, then the young man should always ask the woman whether there is some place that she would prefer. In any case, it is not proper to suggest a restaurant where he knows the woman is not going. The gentleman should always ask the woman whether there is some place that she would prefer. In any case, it is not proper to suggest a restaurant where he knows the woman is not going.

When a young man has taken a young woman to luncheon with him he should always remember that it is up to him to think her for having given him her society for the time. A young woman should hardly thank her escort, but should assure the man that she has had an enjoyable time and convey by her manner the feeling that she is enjoying the "treat."

Poisoned by Matches.

Cases of poisoning from safety matches seem to be common in Denmark. Dr. C. Kersch reports to the Hæskrift for Læger (Copenhagen) on thirteen recent cases in his own practice. The trouble took the form of a severe inflammation of the skin on fingers, neck and face, with badly swollen eyelids. In most it appeared below the pocket in which the matches are carried; in women on the fingers and neck where they light their cigarettes. Dr. Kersch ascribes it to the use of phosphorus-resin matches when anophthalmic phosphorus was not to be had.

Extra Period Ex-High Girls Gives College Defeat Highs Boys Victory By Big Score

The High school boys sprang a big surprise when they held the college boys to a one-point victory in a game that was fast and interesting and took five extra minutes to play to determine the winner.

The High quintet secured the jump at the opening of play when Roebusch shot a basket from the field. McCleary soon tied the count with two baskets from the foul line. Neither side was able to secure any lead, and at the end of the first period the college boys were trailing one point in a 9 to 8 score.

Mid-season basketball form was exhibited by both teams in the final period. Some good team work was uncorked by Coach Vivian's proteges with Roebusch being on the shooting end.

Soon after the start of the second period the High tilters secured a slight lead which was overcome and for the last five minutes of play the game was in doubt. At the end of the allotted time score stood 21-21 and after five minutes of play the college boys were returned winners.

Moore at center for the college boys was the main point getter with four field goals to his credit. Wirsching was next with two field goals while W. Roebusch, Read and Spencer each contributed one field basket.

Eleven of the High boys points were scored by McCleary from the foul line, Roebusch at forward and Hauser at center scored the other.

EX-HIGHS: 21. HIGH BOYS: 23. Wilson, Wirsching, Shohan, C. G. McCleary, Smith, R. G. Roebusch, Roebusch, Siskowick, L. G. J. Miller.

Field goals—Roebusch 4, Hauser, Wirsching 2, Read 1, W. Roebusch 1, Moore 4, Spencer 1.

Fouls—McCleary 10 out of 13, McCleary 3 out of 6, W. Roebusch 2 out of 6.

Substitutes—Read, W. Roebusch, Moore, Spencer, McCleary, L. G. Hauser, Roebusch, C. G. Jones, Retoree, Scullion.

Start the New Year Right!

Why don't you join our Christmas Savings Club and you will be sure of having money not only at Christmas, but at all times.

No fines. No assessments. You get what you put in plus 5% INTEREST. If you are unable to carry the Club through the entire fifty weeks, a check for the exact amount of your payments will be mailed you next December. Call and see us and we will gladly explain. We are expecting you.
